

# Mobile Facilities

Fully customisable, our mobile facilities are designed and manufactured to support various applications, climate environments, and mobile requirements. They are durable, self-contained facilities that range in different sizes and offer the ease of on-site services in cities and remote locations. With hydraulic expandable sides (horizontal and vertical), auto-lifting and self-leveling systems, these mobile facilities are spacious and can be quickly deployed to operate and serve.

Applications include:

- Command/Operations Centres
- Emergency Response Centres
- Training/Classroom Facilities
- Healthcare, Multi-Clinics Centres
- Field Hospitals
- Temporary Accommodations - Shelters, Camps
- Kitchens and Food Facilities
- Storage Facilities
- Restrooms/Shower Facilities
- Mobile Marketing/Promotional Facilities

Geoform Canada is a distributor of specialty products including expandable mobile trailers and containers.
